FAR EAST NEWS

RUB 400 million will be allocated in 2018 to subsidize air transportation to the Russian Far East. This will support the sale of affordable tickets. A working group of representatives of airlines and fuel suppliers will also be created to develop air transportation logistics. (PrimaMedia Information Agency)

The Roscongress Foundation is a socially oriented non-financial development institution and a major organizer of international conventions, exhibition and public events.

The Roscongress Foundation was founded in 2007 with the aim of facilitating the development of Russia's economic potential and strengthening the country's image by organizing international conventions, exhibitions, and public events. The Foundation develops substantive content for such events, providing companies and organizations with advice, information, and expert guidance, and offering comprehensive evaluation, analysis, and coverage of the Russian and global economic agendas. It offers administrative services and promotional support for business projects and helps to attract investment, including in the form of public-private partnerships.

Today, its annual programme includes events held from Montevideo to Vladivostok, offering an opportunity to bring together global business leaders, experts, the media, and government officials in one place, creating favourable conditions for dialogue and the promotion of new ideas and projects, and assisting in the creation of social enterprise and charity projects.
